FAP is a charity program based on the patient's family income. Patients with family incomes at or below 200% of the Federal Poverty Guidelines (FPG) are eligible for 100% charity or "free" care. Individuals with an income level from 201% to 300% FPG are eligible for a 50% adjustment and individuals with an income level from 301% to 400% FPG are eligible for a 25% adjustment. Patients with family income exceeding 400% of the Federal Poverty Guidelines may still be eligible for hardship financial assistance or catastrophic discount on an individual basis. The Patients' expenses and liabilities are considered in the evaluation of their eligibility for approval. Patients are expected to contribute payment for care based on their individual financial situations; therefore, each case will be reviewed separately. Financial Assistance is not considered an alternative option to payment, and patients may be assisted in finding other means of payment or financial assistance before approval for Highpoint Health Financial Assistance Program (FAP).
